

Project:	Math but More	Start Date:	8 Oct 2018	Offset (if none, leave blank)	
Task ID	Task Description	Start At			Duration
1	Project Requirements	Start of Project			1
2	Market Research	Start of Project			3
3	Set Up File Architecture	Start of Project			3
4	Set Up Server on AWS	Start of Project			4
5	Design Applet Requirements	Start of Project			4
6	Set up Simple Site Navigation	Completion of 5			4
7	Set up Redux	Completion of 5			5
8	Design Applet List	Completion of 7			3
9	Implement Applet List	Completion of 8			5
10	Test/Review Applet List	Completion of 9			1.5
11	Design Word Problems Applet	Completion of 8			3
12	Implement Word Problems Applet	Completion of 11			5
13	Test Word Problems Applet	Completion of 12			3
14	Design Homography Applet	Completion of 11			3
15	Implement Homography Applet	Completion of 14			5
16	Test Homography Applet	Completion of 15			3
17	Design Transformation Matrices Applet	Completion of 14			3
18	Implement Transformation Matrices Applet	Completion of 17			5
19	Test Transformation Matrices Applet	Completion of 18			3
20	NOVEMBER DEADLINE (12th Nov)	Start of Project	30		1
21	Design Programmable Robot Applet	Start of 20			3
22	Implement Programmable Robot Applet	Completion of 21			10
23	Test Programmable Robot Applet	Completion of 22			4
24	Design angles.yum Applet	Completion of 21			3
25	Implement angles.yum Applet	Completion of 24			10
26	Test angles.yum Applet	Completion of 25			4
27	Design Landing Page	Completion of 24			3
28	Implement Landing Page	Completion of 27			7
29	Test/Review Landing Page	Completion of 28			1.5
30	DECEMBER DEADLINE (10th Dec)	Start of Project	54		1
31	(Thanksgiving break)	Start of Project	38		3
Fill in the information above and the chart and the stats to the right will update automatically!			Project Duration:	55 working days	
			End Date:	11 Dec 2018	
			Longest Task:	Task 22 (10 working days)
